

A Taste of Oregon Wine

Clunk! A Taste of Oregon Wine

A traveling exhibition

Oregon boasts an environment ripe for creating wines of distinction. Clunk! A Taste of Oregon Wine tells the stories of some of the individuals and institutions who propelled Oregon wine onto the national and international stage. The exhibition traces the history of Oregon wines from the earliest vineyards to legislative efforts to control alcohol during Prohibition and from the 1960s resurgence of the wine industry to the future of these thriving Oregon businesses.

Visitors to the exhibit can learn about the flourishing Oregon wine industry through text, photos, colorful graphics, and interactive experiences. Scroll through a digital catalog of wine-related objects dating back to the 19th century, explore an interactive map of Oregon wine regions, and view historic photos from local archives. Celebrate the wonders of Oregon wine and the people who made it possible in this unique, engaging exhibit produced by OHS in collaboration with Oregon history organizations and industry leaders.
